MEMORANDUM FOR: Mr. Houston

1. The attached is a T/O revision for ORR, covering the Administrative Staff, which is headed by [REDACTED]. The main effect is to increase from 10 to 14 the total number of slots for the Administrative Staff. No ceiling increase is involved since the four positions are taken from other units within ORR. Although there has been an upgrading of some positions, involving a larger fund expenditure, ORR and Budget have agreed that these increased costs will be absorbed within the overall ORR budget, rather than requiring a budget increase.
